## BONDS APPROVED.

The Board of Trade Adopts Resolutions.

## BUYERS ARE PROTECTED.

A Most Hearty Endorsement of the Bond Issue by Conservative Business Men of the City.

One of the most important meetings of the board of trade was held in the directors' room of the Third National bank at 10 a. m. today. The matter of most especial importance was the hearty endorsement given to the bond plan of the Commonwealth Land and Development company in the following resolutions which were unanimously adopted by the board of trade:

### RESOLUTIONS.

WHEREAS, The Commonwealth Land & Development company has issued a series of bonds based upon one thousand acres of land, platted as "Capital Addition" to the city of Sedalia; and,

WHEREAS, The Board of Trade appointed a committee to investigate the same; and, after a full investigation by said committee, this board considers that the investors in the same are well protected against loss in any case, and that said bonds are a good and safe investment; and,

WHEREAS, At the solicitation of the Commonwealth Land & Development company and the Board of Trade, the Missouri Trust Co., a financial institution of large capital and unquestioned integrity, has consented to act as trustee for the issue of said bonds and all trusts and trust funds connected therewith.

Therefore, be it Resolved, That the Board of Trade does hereby recommend this said issue of bonds, believing them to be the best investment of the kind ever offered to the citizens of Missouri.

SEDALIA BOARD OF TRADE, R. H. MOSES, Pres.

R. H. GRAY, Sec'y.

Adopted May 13th 1895. The Board of Trade has the exclusive sale of these Commonwealth Land & Development bonds in Pettis county, and same can be purchased at any of our banks or at the office of the secretary.

Z. F. Bailey was elected director to fill the vacancy on the board caused by the resignation of L. D. Hopkin.

W. L. Porter, Z. F. Bailey and A. C. Baldwin were appointed to arrange plans for "Missouri on Wheels" and report to a meeting of the Board of Trade.

The hearty endorsement the board has given to the bond issue will cause these bonds to be largely sought by investors and will aid materially in the work of raising the capital guarantee.

Sedalia must now go to work in earnest and each individual property owner do his utmost to aid the board of trade and the Development company.

## PLAYED WITH POWDER.

Two Little Children Fatally Injured by an Explosion.

LOUISVILLE, Ky., May 13.—A special from Salersville, Ky., says a pitiful accident occurred near there Friday afternoon, in which one and probably two lives will be sacrificed.

Two children of Wesley Row tried to start a fire by pouring powder out of a horn containing a pound and a half on a small coal fire, when the powder in the horn ignited and exploded, tearing one arm entirely off of the girl, 16 years old, and burning her hair and clothing entirely off. She will die. A brother, a boy of 6, was standing near and parts of the horn struck him in the face, knocking out both his eyes and burning off all clothing and hair. He may recover.

### A Popular Institution.

The official statement of the Third National bank appears in this issue. It is highly creditable to the management and is strong evidence of the financial prosperity of the community, as its heavy deposits show that Sedalians have money with which to do business. The Third National is one of the strongest and best managed institutions in

Central Missouri and its management is worthy of the public confidence of which it receives such substantial evidence.

## THE BALL PLAYERS.

They and Their Friends Went to Jefferson City Today.

The Future Capital baseball club, accompanied by about sixty of their Sedalia friends, left for Jefferson City at 12:30 today by special train over the Missouri Pacific in charge of Conductor Tanner.

The following players composed the team that is to face the Jefferson Club on the Jefferson City grounds today: Swearingen, Roach, Hoover, Bohannon, Forbes, Perry, R. Swearingen, Harrison, Pickett, Freeman and Johnson.

Jefferson City will put up the strongest game she can possibly play today; she is on her own ground; she has the members of the general assembly as witnesses of the game; there is a rivalry of long standing between the two clubs, and if the Jefferson City players can win there will be nothing in the present capital "too good for them."

But Sedalians have perfect confidence in the Future Capitals being able to win a splendid victory in today's contest. Our players are strong individually and collectively and they feel today that they are representing the Future Capital before the people of the state.

They can win and they will, but they will have to play ball.

## SEDALIA VS. JEFF CITY.

The Players That Face the Future Capitals—Betting on Sedalia.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 13.—The run from Sedalia was made in 1 hour and 37 minutes without a stop. The first man met after climbing the hill was A. Q. Cameron, a former Sedalian, who has a roll to wager on the Future Capitals.

Coleman, of Fulton, is down to pitch, with Berry of the same club to catch. The remainder of the Jefferson City club are Atkinson, short stop; J. Ruat, third base; Calvin, second base; Lindley, left field; Harlowe, centre field; Maupin, right field; Ruat, first base.

The umpire will be Wm. Koecher, a local cocktail artist, at the City hotel, and said to be on the square. Game will be called at 3:45 and both house and senate will adjourn for it.

## FROST AREA EXTENSIVE.

The White Mantle Extended Over Fifteen States.

CHICAGO, Ill., May 13.—The weather bureau, in a report on the frost Saturday night, says: The frost area reported is unusually extensive and severe for this time of the year, frost having occurred in all of the fifteen states for which it was forecast Saturday.

In the peach belt of Michigan and the cranberry marshes of Wisconsin, temperatures below freezing occurred, and the freeze was of a killing nature. Frost of more or less severity occurred throughout the states of the upper lake region and the upper Mississippi valley, on the east slope of the Rocky mountains and in Montana, Wyoming and Colorado.

## BRICK BUILDING COLLAPSES

And Five Workmen Buried Under the Ruins at Chicago.

CHICAGO, Ill., May 13.—By the collapse of a brick building in process of being torn down, at 53 Market street, yesterday afternoon, five men were injured, while nearly a dozen others had narrow escapes.

The injured were buried under a mass of bricks and mortar. The firemen responded to the call and soon dug them out, and they were sent to the hospital.

Although the men are badly injured, it is not thought any of them will die.

### A Very Sick Man.

Mrs. A. J. Hughes, of Lamonte, came in last night to visit her brother, James M. Hull, says the Nevada Mail. Last night Mr. Hull rested fairly well, but is yet very sick.

## CAN'T PLAY BALL.

Reference Is Had to the Quicksteps, of Hannibal, Mo.

Probably the least said about yesterday's ball game between the Future Capitals and the Hannibal Quicksteps would be the better—at least so far as the visitors are concerned.

There was nothing in the nature of a contest about it, from a Hannibal standpoint, Sedalia winning hands down, while the indications are that she could have trebled her score had she so desired, and could also have blanked the alleged players from the city on the Mississippi.

Freeman pitched magnificently for the home team, and was splendidly supported until the game became a farce, and the few spectators who remained were glad when

the agony was over, with a score of 21 to 3 against the visitors.

Hannibal and Independence should arrange a game, as they are about evenly matched, so far as not knowing how to play ball is concerned.

## WILL MEET HERE.

The Missouri Trotting and Pacing Horse Breeders' Association.

There will be a meeting of the Missouri Trotting and Pacing Horse Breeders' association at Sicher's hotel on Wednesday, the 22d inst., at 10 o'clock a. m., for the purpose of receiving bids and making definite arrangements for a meeting at some point in the state during this summer or fall and for the transaction of such other business as may come before the association. In a letter to the DEMOCRAT President Norman J. Colman says:

"All members of the association and others interested in the trotting horse of Missouri, and who feel that we should and may occupy a prominent position among the breeders of the world, are solicited to attend. Those who are not

### Are Moving.

A wagon load of groceries, among which was a number of hams, was seen leaving the store of W. J. Letts, and he says that hams are moving out very fast. He sells Armour's, Fowler's, Morrell's and Stilwell's hams. Don't forget the place, corner Fifth and Engineer streets.

members are urged to unite with the association and aid in such advancement as the interest in this state and a return to remunerative prices may demand.

"There will also be a meeting of the executive committee and each member is urgently requested to attend. We would also request the attendance of such members of the Saddle Horse Breeders' association as can make it convenient, and would especially request the attendance of their executive committee."

### Father and Son Preached.

Rev. Allen J. Van Wagner, of Creston, Iowa, preached to a magnificent audience at the First Congregational church Sunday morning, as did also his venerable father, Rev. J. M. Van Wagner, at night, when his remarks were largely devoted to an experience of fifty years' labor in the Lord's vineyard.

### A Challenge from Jeff. City.

## WANTS NO OFFICE.

Hon. Jno. T. Heard Corrects an Erroneous Statement.

Under date of Washington, D. C., May 9, Hon. John T. Heard writes as follows to the editor of the DEMOCRAT:

"My attention having been called to a dispatch from Washington to a Kansas City paper, and reproduced in your own, to the effect that my friends are trying to secure for me the appointment of deputy comptroller of the treasury, I desire to say that such is not the case.

"I am not an applicant for the place, do not desire it and would not accept it if offered me. I am not seeking or desiring any official position; and as soon as I am well enough to dispose of a little remnant of my official business here and make a visit to my physician in New York I shall return to Sedalia to stay. Yours, truly,

JNO. T. HEARD.

In the Washington Post of May 9th the following was printed:

Friends of ex-Congressman John T. Heard, of Missouri, who has been confined to his room at the Kings, with a severe rheumatic affection, will be glad to learn that he is improving rapidly, and is able to be on the streets again. Last evening Mr. Heard said to a reporter of the Post:

"I wish you would correct a well-meant but unfounded paragraph that lately appeared in a Kansas City paper, which spoke of my absence in Washington as being caused by my candidacy for the office of assistant comptroller of the treasury. I have never had the least intention of seeking that position, or any other place under the government, and if the office were tendered me I would not accept it. My private affairs require all my time, and no sort of public service can offer the slightest attraction."

### Preached to Graduates.

The twenty-nine young ladies and gentlemen of the Sedalia High school graduating class attended the M. E. church yesterday forenoon and heard the eloquent baccalaureate sermon delivered by Rev. P. A. Cool, the pastor.

At 3 o'clock p. m., Rev. John McAllister delivered a like sermon at Taylor's chapel to the six members of the Lincoln High school graduating class.

## A SENATOR KILLED.

Sudden Death of Senator Peter R. Morrissey.

## HE WAS SHOT BY A WOMAN

The Murder Occurred in a Disreputable House in St. Louis—How Legislation is Complicated.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 13.—News of the death of Senator Peter R. Morrissey, of the Thirty-First St. Louis district was received here today. He was shot and killed by a woman in a disreputable house in St. Louis about 3 o'clock this morning.

The death of Senator Morrissey greatly complicates legislative matters just at this time. It leaves only eighteen democrats in the senate, just enough to pass a bill, but Senator Ballard is confined to his bed, thus leaving the democrats with only seventeen senators upon the floor, or one short of a constitutional majority.

### Was Murdered While Asleep.

Special to the DEMOCRAT.

ST. LOUIS, Mo., May 13.—Senator Morrissey was shot while in bed at Maud Lewis' house, No. 2719 Wash street, at 3 o'clock this morning. One bullet entered at the right of the eye and the other penetrated the left corner of the mouth.

Morrissey had gone from his saloon to the woman's house, where a quarrel followed. Then he went to bed and was asleep when murdered. He had been a lover of the woman for several years, but lately had tried to rid himself of her. She was infuriated and pursued him constantly.

The murderess was formerly the wife of a St. Louis contractor, but at his death began a life of shame. She is 37 years of age, weighs about 200 pounds and still shows features of a once handsome woman. She will plead insanity, having visited Dr. Mard's office a few days ago, complaining of head trouble.

### Smashed His Wheel.

While out riding on their wheels, yesterday afternoon, Dick Von Baski collided with Will Higleyman at Seventh and Ohio streets, throwing the latter against Will Harris. The pedal of Harris' wheel caught the front wheel of Higleyman's cycle, wrecking it completely.

### Mr. Heard Suffers a Relapse.

Ex-Congressman Heard, who has been ill here with rheumatism, after a period of apparent improvement, suffered a relapse today, says a Washington dispatch of the 11th. His condition is not such as to excite alarm, but his disorder is painful and persistent and he has not thrown it off with the ease that had been expected.

### Released from Jail.

F. W. Gihle and Holly McVey were released from jail today having served 24 days each for vagrancy.

Albert Hart is out, having served eight days for petit larceny.

### Real Estate Transfers.

The Jefferson City ball club defeated the Bankers' and Brokers' club, of St. Louis, yesterday by a score of 11 to 7. The game was played in Sleepy Hollow.

### Fine Dog Killed.

W. H. Ramsey's fine bird dog was run over and killed by an electric car on the Third street line, near Association park, yesterday afternoon.

A new jail and work house would fill a long felt want.

Pettis county should take a lively interest in the good roads movement.

This is the day and hour when the Sedalia baseball players are wiping up the earth with poor old Jefferson City.

The Kansas City Times invites a discussion of how to make a city of 500,000 inhabitants. The record the city has made in the last twenty years is conclusive evidence that the subject is thoroughly understood.

A new capitol, built of Missouri material and located in a live Missouri city, appeals to the patriotism of every loyal Missourian, and when it can be had free of cost to the taxpayers, the proposition will be received with enthusiasm.

"Coin's Financial School," as the name implies, is a publication intended to give instruction on the money question. "Coin's Financial Fool" is the properly named effort to answer the arguments contained in the first named publication. The goldbug choice of titles is unfortunate and will be resented by the people.

The subject of defective sidewalks is called to mind by a communication in this issue. About the most effectual remedy would be to make the property on which a defective sidewalk is maintained pay all damages for injuries received. This would have a tendency to stir up careless property owners. In default of that policy, the city has the right to make needed improvements and charge the property with the same.

The Post-Dispatch pays Senator Yeater the following deserved compliment: "Senator Yeater, of Pettis, is always depended upon on the floor of the senate to take the starch out of the combine senators. He is a fighter from start to finish, and Goodykoontz and the other Filley 'me toos' have had a touch of his qualities that makes them give him a wide berth. He never flinches, and is ready at all times to tackle the lobby and take all responsibility for it."

SEDALIA, which has been claiming that the "new capital" will not cost the people of the state anything, is already asking donations of material from every county in the state. And that the people will not vote for a removal that costs anything is proven by the fact that at the last election they almost invariably voted down every proposition that meant an outlay.—Pacific Transcript.

Sedalia has asked no sort of "donations" from anyone. The patriotic suggestion has been made that a piece of timber from every county in the state be worked into the new capitol, and the DEMOCRAT knows the people of Franklin county too well to believe that they would regard such suggestion as being a request for donations. The new capitol should be built of Missouri material throughout. It will be a source of pride to the people, and it will be built free of cost to the taxpayers of the state. If the capital guarantee is not put up as required by law, then Sedalia does not ask for a single vote in her favor. But if it is put up she expects the vote of progressive Missourians.

CONGRESSMAN U. S. HALL is reported to have said in an interview in Washington recently that "it would not be safe to predict whether Missouri will send a delegation pledged to a free coinage candidate" to the national democratic convention. If Mr. Hall is trying to "hedge" on the silver question

he had better get an appointment to a life position from Grover, for the old Second district will have no use for a congressman who does not stand bold and upright for the immediate restoration of silver to its place in our monetary system.

THE opponents of free coinage of silver are in the field with a goldbug argument which they entitle "Coin's Financial Fool." These gentlemen have "fooled" the American people so long that they naturally select that title for a pamphlet that can only be effective when it deceives.

THE DEMOCRAT today prints a card from Hon. John T. Heard contradicting the report that his friends were urging his appointment to a position in the treasury department. Mr. Heard is emphatic in stating that he is seeking no office. His health is not good and his private business will demand all of his time and attention. This may be regarded as authoritative and effectually disposes of the rumor.

INDIVIDUAL senators and representatives are making records at Jefferson City, and that these records are being thoroughly understood by the people can be seen from the resolutions adopted by the Madison county democrats wherein they demanded that Senator Goodykoontz vote right or resign. The people are with Governor Stone in this fight, and they thoroughly understand the animus of the abuse heaped upon the governor by the lobby creatures.

## THE Y. P. S. C. E.

Arrangements for the Fourteenth International Convention.

The fourteenth international convention of the Young People's Society of Christian Endeavor will be held in the city of Boston July 10th to 15th, inclusive.

It will be the largest convention ever held in the world, as there will be from 50,000 to 60,000 delegates present.

Out of this great army of young people from every state in the union, from Canada and from countries in every part of the world, there will be more than 600 representatives from Missouri, and of this number 300 will be representatives from the Christian Endeavor societies of St. Louis and suburbs.

These 600 Christian Endeavor delegates who go to Boston will represent more than 50,000 Christian Endeavorers of the state of Missouri.

There are now nearly 1,000 Christian Endeavor societies in the state, and the average membership is something like 60.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. Hechanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden drug store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me."

The Missouri Pacific's New Afternoon Train.

## JIM HOOTEN IN CHARGE.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

The Missouri Pacific's new afternoon train, No. 4, arrived from Kansas City at 4:13 p. m., or three minutes behind schedule time. It was in charge of Conductor Jim Hooten, with Engineer West on engine No. 258. After a five minutes' stop it pulled out for St. Louis, with Engineer Boyd on engine No. 278. The Kansas City Times of yesterday had the following:

Beginning today the Missouri Pacific will put on a new fast train between Kansas City and St. Louis which will make connections in the union station with the Vandallia for New York and the Baltimore and Ohio Southwestern fast mail for Cincinnati and Louisville.

The train will leave Kansas City at 1 p. m., daily, and will arrive in St. Louis at 10 p. m., connecting with the Vandallia-Pennsylvania fast passenger train, arriving at Indianapolis at 6 a. m., Columbus at noon, Pittsburgh at 6 p. m. and New York at 7:40 a. m. the second day. Connection with the Baltimore and Ohio Southwestern in the union station will take passengers over the fast mail route to Cincinnati, Washington and Baltimore.

The train will consist of mail and baggage cars and two magnificent coaches, and will make but seven stops between Kansas City and St. Louis, including supper at Jefferson City.

## Coach, Cab and Caboose.

Ex-Conductor Lefe Barnard and his little son have gone to Atlanta, Ga., to attend the annual convention of the O. R. C.

Conductor Tom Arnold passed east today on Missouri Pacific train No. 6, taking the run of Conductor King, who has gone to Atlanta.

The change of time in the departure of the Lexington branch train from 3:45 to 3:30 p. m. caused several persons to get left yesterday.

The watch inspectors on the M., K. & T. are having a little easier time now than some weeks ago. Then every man wanted his watch examined first.

James Doyle, one of the old-time conductors on the M., K. & T., but now engaged in business at Sedalia, is in the city, shaking hands with friends.—Parsons Sun.

President H. C. Rouse and party, of the M., K. & T., passed through Sedalia last night, on their way to Greenville, Texas, to attend the annual meeting of stockholders.

Superintendent L. D. Hopkins visited Kansas City on the fast mail yesterday morning and returned on No. 4 at 4:10 o'clock p. m., which now arrives at that hour instead of at midnight.

Jim Doyle, who has been undergoing treatment at the M., K. & T. hospital at Sedalia for injuries sustained by reason of the falling of the false work at the Neosho river bridge, on the mineral road, several months ago, has returned home.

Gene Kaiger has resigned his position in the American Express office and left yesterday for Sedalia, says the Nevada Mail, on a visit, and thence to Ft. Smith, Arkansas. J. R. Reynolds, of Sedalia, will fill his place and will move his family here to reside.

The bulletin posted allowing firemen just entering the service of the M., K. & T. sixty days in which to procure watches approved by the inspector, has been cancelled, and they will now have to be provided with a correct timepiece when entering the service.

A sixty-three hour freight run between New York and St. Louis, the fastest of any in the country between these points by forty-eight hours, has been started by the Wash-burn in connection with the Michigan Central and the New York Central. The first train left St. Louis yesterday.

R. A. Waldin, the farmer who saved a train load of passengers on the Burlington, Cedar Rapids and Northern railroad last March by flagging the train in time to prevent it running upon a burning bridge, was rewarded last Saturday. A committee representing the road went to Mr. Waldin's home and presented him with a fine gold watch and a life pass over the road for himself and wife.

## Some Meat That Has Not Advanced.

Notwithstanding the fact that all classes of fat stock have advanced out of sight of all expectation, the Newton Meat Co. wish to call the attention of the public generally that they have not advanced the price on their prime Sunday roast beef, and they are selling more of those fine roasts than ever, for they are something that is hard to get elsewhere. For this reason we have the largest amount of cold storage by one-half than any two other markets in Sedalia, and we cut our prime roasts off several days before they are offered for sale and put them away in our mammoth refrigerators and when they come out and are sent out to our customers they never fail to give the very best satisfaction. This is something that cannot be had elsewhere in Sedalia.

In fact all of our meats are held in our cold storage vaults for several days before they are offered for sale. This is why they give much better satisfaction than you get elsewhere.

We notice one fact which will give an idea of what estimation is placed upon our meats. Whenever any family is expecting company and want something extra and prime they always call on Newtons to furnish the meats. Why is this? You all know.

Come in. You will always receive the best of treatment and the choicest meats. Telephone 120.

## REASON DETHRONED

The Sad Fate of the Author of  
"The Twin Hells."

## INMATE OF AN ASYLUM.

Opiates Have to Be Administered to  
Keep Him from Talking Tem-  
perance Constantly.

The doctors at the Osawatimic, Kas., Insane asylum keep John N. Reynolds, famous as an ex-convict, known to many in Sedalia, under the influence of opiates about half the time. They have to do it to prevent him from talking himself to death. He wants to make speeches day and night.

One morning he commenced to deliver a temperance lecture and did not quit for twenty-seven hours, and only then when he fainted from hunger and exhaustion. He weighed 200 pounds when he entered the asylum. He has talked himself down to 120.

Reynolds is the only man in the United States who ever ran for senator while an inmate of the penitentiary. He was formerly president of a bogus live stock insurance company at Atchison. He advertised the concern extensively, and was sent to the penitentiary for the fraudulent use of the mails. He claimed that his enemies were persecuting him, and to test his standing in the community announced himself as a candidate for state senator. He received 500 votes.

Upon his release from prison Reynolds wrote a book about penitentiaries of Kansas and Missouri. It was entitled "Twin Hells." Reynolds cleared about \$40,000 on the sale of the books, but the money went as fast as he got it. He was a great spendthrift.

Two years ago Reynolds took the lecture platform in the interest of prison reform. He kept this up six months, and then his mind went wrong. One day while making a speech on a street corner in Houston, Tex., he became a raving maniac and was sent to his family at Atchison in chains. Shortly thereafter he was placed in the asylum.

Reynolds is 46 years old. He has been a lawyer, a preacher, a banker, a farmer, a school teacher, a contractor, an author, a merchant, an editor, a lecturer and an actor. He has a wife and five children at Atchison to whom he was devoted. After his term in the penitentiary Reynolds always lectured in prison garb.

## LOVED NOT WISELY.

Laura Wayne Committed Suicide to  
Hide Her Shame.

She loved not wisely, but too well. In consequence she preferred to take her own young life rather than to suffer the consciousness of her own secret guilt and the perfidy of the man who betrayed her.

It was the fate of the young Henry county woman referred to in the SUNDAY MORNING DEMOCRAT.

Laura Wayne was of a good family, pretty and 20. She was the petted daughter of loving parents, and was allowed to do about as she pleased. When her parents removed from Lucas to Oklahoma some months ago, she remained with relatives in Henry county.

Dr. Miller, of Maysburg, visited her regularly, and it was reported that they were engaged. Some weeks ago Miss Wayne went to St. Louis with the expressed purpose to visit relatives. After about six weeks' stay she returned home, and the doctor renewed his visits. Nothing unusual happened until last Friday morning, when the young

## CURES OTHERS

Mrs. J. H. LANSING, of South Glen's Falls, Saratoga County, N. Y., writes: "After my third child was born, I barely gained strength enough in two years' time, so as to be able to crawl about to accomplish the little house work that I had to do, and that only by lying down to rest many times each day; and sick headaches came very often, many times and aches all over the body. After I had taken seven bottles of the 'Favorite' and one of the 'Golden Medical Discovery,' I am now able to do house work for myself and husband and two children aged nine and five. I also take dressing and enjoy walking a mile at a time when I can have the time to do so. And I am sure it is all due to Dr. Pierce's Favorite Prescription as I know I was failing just before I commenced to take it." Sold by medicine dealers everywhere.

## WHY NOT YOU?

lady was found hanging from a rafter in the attic, dead.

An autopsy revealed the fact that a crime against nature had been committed about three weeks ago. The verdict of the coroner's jury was that she came to death by her own hand. Soon after the girl was found dead Dr. Miller passed the residence, and, though he was invited to stop and assist in the attempt to resuscitate her, he refused, saying he could be of no assistance.

## SEDALIA'S GUESTS.

What the "Republic" Says of the Com-  
ing Excursion.

Arrangements are now complete for the City Drummers' excursion to Sedalia, Mo., says Sunday's St. Louis Republic. Special trains will leave Union station Saturday evening, May 25, at 11 p. m., arriving at Sedalia at 6:30 a. m. Sunday, May 26; returning, will leave Sedalia at 5 p. m., arriving in St. Louis at 12 p. m., thus giving the excursionists a whole day in Sedalia.

Mayor Hastain and a committee of Sedalia citizens will meet the boys at the depot with a brass band and escort the drummers in parade to Association park, where the grand picnic will be held. Athletic sports, bicycle races and baseball will be among the attractions at the park. Mayor Hastain has agreed to turn the city over to the boys for that day.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionary establishment. Some months ago, on leaving the heated work room to run across the street on an errand he was caught in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle in the house.

## Defective Sidewalks.

Editor SEDALIA DEMOCRAT:

By a decision of the court of appeals, Sedalia has to pay to Mrs. Caton \$475 on account of injuries by a defective sidewalk.

In the last 20 years these damages amount to about \$12,000, the largest Wm. Loewer, \$3,500. At 50c per running foot these damages would have built 5 miles of brick walk, 5 feet wide.

Other cities have suffered more, as Nevada in a single suit had to pay \$8,000.

The question is, how to prevent these damage suits.

In the first place, instead of referring notices of defective sidewalks to a committee, give the street commissioner full power to act, authority to remove in his judgment any defective wooden walk. Repairing is useless.

TAXPAYER.

## Another False Statement.

Here is another false statement from the Jefferson City Courier in relation to this afternoon's ball game to be played there:

"Monday the game is with the Sedalia club. No doubt many Sedalians will be present to witness the downfall of the Future Capitals. This game will be hotly contested, and it is understood Sedalia has engaged several St. Louis professionals to fill in."

The nine that is representing Sedalia in the prison town this afternoon has played here in every game since the season opened and will continue to play here. No player from St. Louis or any other place has been engaged to "fill in," and the Courier knows it.

## Compelled to Make Amends.

Dick McCullough, of Mexico, was awakened from his sleep Friday night by an officer and arrested for assaulting a beautiful young girl named Emma Anderson. Saturday afternoon McCullough took the girl, who is only 16 years old, and went to a justice of the peace and made her his wife, thus settling the case against him.

## A Saloon Contest at Clinton.

The city council of Clinton has refused to grant a saloon license to W. J. Seiford. He has government, state and county licenses, and his lawyers advise him that he can run unmolested, after tendering his license fee to the city clerk.

## JOHN DELONG'S MAN.

He Proved to Be the Wrong Party and  
Was Discharged.

T. J. Delaney was warm under the collar this morning and threatened to have Foster Burns arrested for concealing a prisoner, says Saturday's Springfield Leader.

Yesterday afternoon Burns went to the jail, secured the prisoner he arrested as a "con" suspect, took him to Greenfield on a freight train and delivered him to Detective Delong, who conveyed him to Kansas City, where he was supposed to be wanted for larceny.

Instead of the prisoner being Robert Miller, alias Robert Ellis, he resides at 905 Jefferson street, Kansas City, and is George Millsup. Millsup does not answer the description of Miller and was at once discharged. He returned to Springfield this morning, and Doc Yates says he was never in the Little Rock penitentiary or connected in any swindling scheme with him.

Doc Yates had employed Mr. Delaney to institute habeas corpus proceedings which accounts for Burns' sudden departure with the prisoner.

Eureka Chemical and Mfg Co., La Crosse, Wis.  
Dear Sirs—I have been a tobacco fiend for many years, and during the past two years system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

## WAS IT SET ON FIRE?

The Burning of Charles Dittler's Residence Sunday Morning.

The belief now prevails that the fire at the residence of Chas. Dittler, No. 407 East Broadway, at 3 o'clock Sunday morning, as chronicled in the SUNDAY MORNING DEMOCRAT, was the work of incendiaries—probably tramps, who had broken into the house and helped themselves to provisions during the absence of the family, after which the torch was applied.

The alarm was turned in from the electric light plant. When the firemen had finished their excellent work two coal oil cans with the taps removed and almost empty were found in the sitting room on the ground floor, while the smell of oil was strong, as if the entire room had been saturated with it. Further, there were remnants of food scattered about, as if a meal had been partaken of quite hastily, after which the guests departed without putting things in their accustomed place.

The cigar or cigarette theory as to the origin of the fire is no longer entertained for an instant. The house was insured for \$1,500, the furniture for \$675 and the out-buildings for \$200, in the Continental, of New York, of which Espenschied, Donnohue & Hughes are agents, and this will more than cover the loss.

## PASSENGERS MADE TO WALK

Striking Conductors and Motormen Interfere With Street Car Traffic.

CARBONDALE, Pa., May 13.—The conductors and motormen, to the number of twenty, employed by the Lackawanna Valley Rapid Transit company, went on a strike Saturday and yesterday they seriously interfered with the running of the cars. The reason for the strike was the discharge of three employees, for what the strikers claim was not good cause.

One of the cars was stopped last night midway between here and Mayfield, five miles distant. The passengers were compelled to get out and walk back.

No assaults on the men who have taken the strikers' places have yet been committed, but trouble is expected if the company persists in its attempt to run cars.

## Frightful Wreck on the Erie.

HORNELLVILLE, N. Y., May 13.—One of the worst wrecks ever known here took place on the western division of the Erie, three miles west of here, at an early hour yesterday morning. Fast freight No. 92 was thrown into the ditch by a broken wheel and ten cars were piled up in consequence.

One of the cars that was in the wreck was for Mercer, Pa., and contained horses that were being taken east to enter the races. There were 18 horses in this car that were attended by their grooms. Three men were killed in the wreck and all of them were grooms. Their names are unknown. Foster, one of the managers of the car of horses, had several ribs, both arms and a leg broken. It is thought that besides this he has sustained internal injuries. The physicians say that he cannot live.

The other men, names unknown, were severely injured. Patrick Shannellie, the brakeman was thrown into the air when the accident occurred. An ankle was broken and his head was badly cut. Ten of the horses that were in the car were killed.

The debris of the wreck is piled on the track so as to block all trains from Chicago.

## Death of Mrs. M. Hatton.

Mrs. Martha Hatton, aged 65 years, died at her home in Southeast Sedalia at midnight last Saturday night, leaving two daughters and one son, all residents of Sedalia.

The deceased was one of the pioneers of the county, she having resided here sixty years, as she came from Kentucky when only five years old.

The burial service was held this forenoon at New Bethel M. E. church, south, a few miles south of Sedalia.

## An Old Eyesore Fired.

The vacant and dilapidated old bakery building on East Fourth street, between Lamine and Massachusetts streets, was set on fire shortly after 9 o'clock last night and a hole was burned in the east wall. The fire department saved the structure by hard work, to the disgust of many who wanted to see it burned and an eyesore thus removed.

## Death of Rankin Glass.

Rankin Glass, better known as "Grandpa" Glass, died at his home, nine miles west of town, last Saturday night, of general debility, aged 76 years. The interment took place
